

Comrades, Attention.

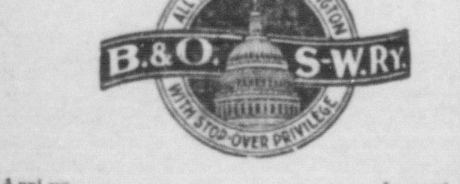

I served from '61 to '64, and was wounded on May 10, 1864, in the battle of the Wilderness. I would like to have any old comrades know what Ely's Cream Balm has done for me. In 1860 my old complaint, chronic diarrhoea, came back. The doctors could not stop it, but Ely's Cream Balm cured me, and I am once more enjoying life.—Frank Hesler, Owensboro, Mich. (Co. F, 4th N. Y. V. I.).

Ely's Cream Balm cures diseases of the Nerves, Stomach, Liver and Kidneys. Sold by druggists, 25 and 50c.

DRIVING THE ENEMY

General Lawton Is Now Taking a Turn at the Filipinos

ADMIRAL KAUTZ'S LETTER

It Was Private, but Its Publication Caused Consternation Among the Washington Officials—Dewey Interviewed on the Coughlin Incident. Yellow Fever Reported at Bahia.

Washington, April 27.—The following cablegram has been received at the war department from General Otis: "Lawton at Nozakaray and Angat, his two columns united have driven enemy to north and west. Slight casualties, names not reported. Only means communication couriers."

"MacArthur has taken portion of Calumpit, south of river. Movement attended with difficulties on account of jungle, heat and strong intrenchments. His casualties Tuesday three killed, 11 wounded. Developments thus far satisfactory."

CREATED SURPRISE

Admiral Kautz Writes a Letter That Worries Washington Officials.

Washington, April 27.—The publication of Admiral Kautz's letter to his cousin in Cincinnati, referring to his position at Samoa as being "plain boss, a position the German consul held until my arrival," and the fact that he was not on good terms with German consul and German residents, caused absolute consternation at the navy and state departments at first reading, but there was soon exhibited a disposition to minus the affair because it was clearly apparent that the letter was nothing but a strictly private one passing between members of the family. Nevertheless, coming as it does, close upon Captain Coughlin's indiscretion and following the publication of Judge Chambers' letter to his brother, criticizing the Germans in Samoa, the opinion was held that Admiral Kautz's letter could not have other than a harmful effect upon the relations between the United States and Germany.

The letter was brought to the attention of the president and some sort of a reminder may be sent to the officer to be more careful in his correspondence. No orders have been issued to the Philadelphia to leave Samoa as the admiral says, so it is probable that he made the statement in the belief that he could adjust the differences between the factions in Samoa within that time. In official German quarters the letter was not treated very seriously and there was no indication that the German authorities would take cognizance of it. The spirit of fun in the letter appealed to some of the diplomatic officials who laughed heartily over Kautz's description of the young king's makeup and this amusing feature largely offset any irritation which might have been felt over the criticism contained in the letter. The impression prevailed, however, that the navy department probably would deal with the indiscretion in such a way as it deserved.

NO CABLE FROM OTIS

Officials Disappointed In Not Hearing From the General Yesterday.

Washington, April 27.—Secretary Alger said last night that the war department received no dispatches from General Otis yesterday as to doings in the Philippines. The department's information consisted wholly of press dispatches. There was some disappointment that General Otis had not cabled.

Officials of the department did not care to discuss the situation in the absence of official dispatches, but the feeling seemed to be that the American

People are easily frightened when they think that something is the matter with heart or lungs. They rush to the physician's office and have themselves examined, no matter how big the fee may be. They do not realize that various forms of heart trouble may be purely sympathetic, and that the organ really breaking down is the stomach. The stomach is usually the last care of man or woman.

Dr. Pierce's Golden Medical Discovery cures ninety-eight per cent. of such cases. It strengthens weak lungs and cures obstinate lingering cough, bronchitis, bleeding of the lungs and kindred ailments, which, if neglected or unskillfully treated, lead up to consumption.

"My wife had hemorrhage of the lungs," writes W. A. Sanders, Esq., of Horn, Mass. Co., W. Va. "She had ten hemorrhages, and the people all around here said she would never be well again. But she began to take Dr. Pierce's Golden Medical Discovery, and soon began to gain strength and flesh. After taking ten bottles she was entirely well. If any one doubts the merits of this medicine they may enclose self-addressed envelope with stamp, and I will answer."

Send Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps, to cover cost of mailing only, and he will send you a free copy of his 108 page illustrated Common Sense Medical Adviser, the best medical work published. Cloth-bound 31 stamps.

forces were meeting more resistance than anticipated.

Secretary Alger said there had been no change in the programme not to call for the 35,000 volunteers authorized by the act of March 2.

COURT OF INQUIRY

It Is Said the Report Will Sustain the Administration.

Washington, April 27.—The Wade court of inquiry continued the preparation of its report yesterday and when adjournment was had comparatively little work on it remained to be done. The different members of the court have made separate investigations of the testimony and they were yesterday engaged in comparing notes. They find that about 200 witnesses were examined during the investigation. The testimony covers 5,000 pages of typewritten matter. The report, therefore, will be of considerable length. There has been no recent change in the conclusion of the members of the court. The report will unanimously sustain the administration.

Yellow Fever at Bahia.

Washington, April 27.—The appearance of yellow fever at Bahia, Brazil, is announced in a dispatch to the state department from United States Consul Furniss at that place.

ADMIRAL DEWEY

Interviewed on the Coughlin Incident.

New York, April 27.—A copyright cable to The Evening World from Manila, April 26, says: "Admiral Dewey was seen today by The World's correspondent on the Captain Coughlin incident."

"The admiral is still unacquainted with the details of the famous speech, but he declared that his relations with Captain Coughlin are most cordial. 'He received a cablegram from the captain of the Raleigh when that warship reached Algiers congratulating the admiral on his promotion. 'Admiral Dewey is certain that Coughlin could not have said anything calculated to place the admiral in a false position."

"He showed The World correspondent a letter from Admiral von Driedrichs of the German navy, congratulating him on his 'deserved promotion,' and also his letter in reply, which closed with the words 'All our differences were of newspaper manufacture.' 'Admiral Dewey also says he is on the most friendly terms with Prince Henry of Prussia, who succeeded Admiral von Driedrichs as commander-in-chief of the German fleet in Chinese waters."

LYNCHING DENOUNCED

Strong Words of Dr. Vance of Nashville.

Atlanta, April 27.—At the international Sunday-school meeting last night reference was made to the Newman affair and it was cheered. Dr. Vance of Nashville, who spoke for the south in response to the welcoming address, said on this subject:

"As I stand here tonight, a southerner, speaking for my section, and addressing an audience from all sections, there is one blot upon the fair fame of the south, at the bare mention of which the heart turns sick and the cheek is crimsoned with shame. I want to lift my voice tonight in loud and long indignant protest against the awful horror of mob violence, which the other day reached the climax of its madness and infamy in a deed as black and brutal and barbarous as can be found in all the annals of human crime."

"I have a right to speak on this subject and I propose to be heard. The time has come for every lover of the south to set the might of an angered and resolute manhood against the shame and peril of the lynch deed. These people whose flesh crackled in the flames do not represent the south. They slander the south. I have not a syllable of apology for the sickening crime they meant to commit. But it is high time we were learning that lawlessness is no remedy for crime."

DUEL WITH PITCHFORKS

Conrad Schaefer and Benjamin Love Fight a Terrible Battle.

O'Fallon, Ill., April 27.—Conrad Schaefer, aged 50 years, and Benjamin Love, aged 35, both employed on the farm of Henry Bertram near here, fought a duel with pitchforks and Schaefer was killed. The two had a dispute while looking hay and fought till Schaefer fell from a terrible blow on the head. He lived but a few hours. Love cannot be found.

Notable Canton Wedding.

Canton, O., April 27.—Carl Rudolph Schnitz of New York and Miss Clara Shields of this city, whose engagement was announced at the white house in Washington during the holidays, were married here last night, Rev. John A. Hall officiating. It was a brilliant social affair, attended by guests from many cities. Mr. Schnitz is a wealth eastern manufacturer. Miss Shields is the daughter of R. S. Shields, who was United States district attorney during the Cleveland administration, and a niece of Mrs. William R. Day, wife of the former secretary of state.

EXCITEMENT IN PARIS

Revisionists and Antirevisionists Hold Meetings and Have Fights.

THE FIGARO DENOUNCED

By Other Papers For Its Publication of Captain Cuignet's Testimony Before the Court of Cassation—Has Caused Consternation Among the Antirevisionists.

Paris, April 27.—The advocates and opponents of the Dreyfus revision held rival meetings in Paris last night and fights occurred afterward in the streets. Several persons were injured.

The Figaro's publication of the evidence of Captain Cuignet before the court of cassation has thrown the antirevision party into consternation.

The Eclair and all the anti-Dreyfus papers are boiling with indignation. Several of them suppress altogether the testimony of this officer, whose principal statement was that the guilt of Dreyfus could be only inferentially established from the secret dossier.

The Gaulois falls foul of the Figaro for its "infamous publication."

The Eclair denounces Captain Cuignet in unmeasured terms. Captain Cuignet's denunciation of Colonel Du Paty de Clam as a forger, is held to be a complete giving away of the case of the general staff. The only possible explanation for it seems to be that Cuignet, acting under orders, is making Du Paty de Clam a scapegoat for the staff.

AGAINST PINGREE

Decision by the Michigan Supreme Court on a Tax Bill.

Lansing, Mich., April 27.—The state supreme court has declared invalid the main principle of the Pingree-Atkinson equal taxation bill, passed by the present session of the legislature. The case was one instituted by Governor Pingree to test the validity of an act passed some 15 years ago providing for the taxing of telephone and telegraph companies on the value of their property, the tax to be used for a specific purpose. The act was similar to the Atkinson bill in that both provided a specific tax. In its opinion the supreme court holds "that a tax on property, based on an assessment, cannot be maintained as a specific tax."

CONFEDERATE

Vicksburg, Miss., April 27.—The confederate decoration day services yesterday were the most notable which have ever occurred here. V., when they wheeled into line just behind the old soldiers, and received a tremendous ovation all along the line of march and at the cemetery. Several officers of the gunboat also took part in the exercises. The Nashville left this morning for Memphis.

EL COBRE

Richest Copper Mine in the World May Resume Operations.

Santiago de Cuba, April 27.—El Cobre, one of the richest copper mines in the world, will probably resume mining operations at an early date. A meeting of the stockholders of the mine and railway leading to it will be held in Havana, May 15, to consider a proposition made by a British syndicate. If the result is favorable, it will mean a great stimulus to industry in this province. Thirty-one years have passed since mining operations there were discontinued owing to difference between the company and the government regarding terms.

The Rich Widow Laughs at the Doctor's Accusations.

Terre Haute, Ind., April 27.—The wife of Dr. E. B. Patton is here from New Market making arrangements for the trial of her divorce suit against Dr. Patton. She laughs at the idea that he will make anything out of his accusation that she administered poison to him, from which he is slowly dying. She says that it is more than three months since she saw him, and that poison would not retain its effect so long. She says before she married Dr. Patton he talked about what he would do with the "rich widow's" wealth after he married her. Since she left him and filed suit for divorce he has complained that the suit is depriving him of his right to some of her property. Mrs. Patton had been married three times before she married the doctor.

VERDICT SET ASIDE

Maxwell-Goodwin Literary Piracy Case to Be Retried.

Chicago, April 27.—The verdict for \$10,000 was set aside and the motion for a new trial granted in the case of John Maxwell against Nat C. Goodwin in an opinion handed down yesterday by Judge Seaman of the United States circuit court. The judge holds that the evidence is insufficient to establish a charge of literary piracy against Henry Guy Carleton, who wrote the play "Ambition" for Goodwin.

Maxwell, who is a Chicago newspaper man, charged that he had submitted the play to Goodwin, that it had been refused and later was produced as Carleton's, without material change in plot or lines.

GENERAL STRIKE LIKELY

In the Southern Indiana Coal Fields.

Mrs. Patton Laughs at Her Husband's Charge That She Gave Him Slow Poison—C. D. Fish Appointed. Other Indiana News.

Evansville, Ind., April 27.—Walter McCorkle, 22 years of age, married and divorced, refused a whipping in police court yesterday and was sentenced by Judge Winfrey to the Indiana reformatory for from one to three years.

McCorkle comes from one of the oldest and most esteemed families in the city and seems to be a degenerate. Monday he stole a fine horse from his grandfather's barn and sold it to a gypsy for \$12.50. The theft was traced to him and he was arrested in the Tenderloin district. He was given the alternative of taking a whipping by his grandfather or being sent to the penitentiary. Yesterday McCorkle's mother appeared in police court and declared she believed a whipping would do him no good, and that other punishment should be given him.

"She's right," said McCorkle, "I'll let 'er go the other way." McCorkle was then sentenced to the reformatory on an indeterminate sentence of one to three years.

KILLED IN A COLEISION

Passenger and Freight Trains Come Together on Baltimore and Ohio.

Garrett, Ind., April 27.—A passenger train on the Baltimore and Ohio railway collided with a freight train at Nappanee yesterday and Fireman Miller Ray of this city was instantly killed and Engineer Samuel Martin was seriously hurt. The freight train was taking a siding and had not cleared the track. Ray was a man of family, having a wife and two children. The passengers were considerably shaken up, but none was seriously injured.

GENERAL STRIKE.

May Result From Existing Troubles in Southern Indiana Coal Fields.

Evansville, Ind., April 27.—The situation in southern Indiana coal field assumed a serious aspect yesterday. Thirty diggers at the Sunnyside mine were laid off, and representatives of the national organization, who have been in this field for the past week, say that this may mean a general strike. The men in this territory are fighting for the Pittsburgh scale. John Mitchell, national president, reached here last night.

The Finds Exceeded Expectations.

Terre Haute, Ind., April 27.—Over 40,000 cigars from Lancaster, Pa., with bogus stamps have been seized in this district, when it was thought not more than 20,000 would be found. Deputies have gone to Washington, Vincennes and Brazil to make search for the cigars, and it is believed now that the total number in the district will be as great as 75,000. The cigars have been sold by fictitious firms, and are all of cheap brands. Most of them came into this state through a Cincinnati agency.

Judgment Against the Recorder.

Anderson, Ind., April 27.—The county attorney brought suit against Moses Harmon, ex-county recorder, laying claim to fees withheld. The suit involved the legality of the fee and salary law, and a judgment has been rendered in favor of the county against Mr. Harmon for \$3,282.78, fees retained by him on his retirement last November. An appeal will follow to the supreme court. The County Officers' association is interested in the case.

Appointed C. D. Fitch.

Indianapolis, April 27.—Auditor of State Hart yesterday appointed C. D. Fitch of Fort Wayne assistant chief clerk and actuary in the insurance department of his office. Auditor Hart says the place is "an expert's position, and an expert has been chosen to fill it."

Being Tried For His Life.

Jeffersonville, Ind., April 27.—The trial of George Green has begun here for wife murder. One night last November Mrs. Amanda Green, who lived at Cementville, was called to her door and shot in the stomach. She lingered a few days and died. On her deathbed she told Mrs. Lizzie McDaniel that her husband had shot her. The latter is the state's principal witness.

Cumulative Evidence

A proof of merit in any article is the amount of free advertising it receives. The universal success of Pabst Malt Extract, The "Best" Tonic, is largely due to one person's telling another of the benefits derived from its use. It is sold in almost every city and town in the United States. Its purity and efficacy have given it the immense popularity it has attained. It is indorsed by thousands of physicians and patients. It health when every avenue of hope seems to be closed.

When you ask for Pabst Malt Extract, The "Best" Tonic, do not be led into buying something else. Many imitations have recently appeared. Remember that Pabst Malt Extract, The "Best" Tonic, was the only malt preparation declared perfect by the judges at the World's Fair, and alone marked with 100 points of perfection. The way to obtain the greatest amount of benefit for the least amount of money is to have your druggist deliver you a dozen bottles at a time.

Contractors Association.

The Indiana street-paving and turnpike association met yesterday and perfected its organization. It was decided to organize an association with a capital stock of \$100,000, which may be increased as necessity demands. The probabilities are that independent pipe, bridge and brick-pavement factories will be erected, but the location of these factories rests with the executive committee. Before the meeting adjourned last night \$23,000 of the capital stock has been subscribed, and the company will be incorporated, with the home office in this city. While it has not been fully determined, it is probable that the test case of a cash deposit with bond will be instituted at the letting of the contract at Crown Point on May 17.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power, that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials.

May Ladies' Home Journal.

"The Countess Emella," Anthony Hope's new romance, is begun in the May Ladies' Home Journal, and "The Art of listening to a Sermon," inaugurates the first of a series of articles on the pulpit and the pew by Ian McClaren. Another notable feature of the same issue is "The Secrets of a Happy Life," by Rev. Newell Dwight Hillis, D. D., pastor of Plymouth Church, Brooklyn, who has become a regular contributor to the Journal. Paul Leicester Ford writes "The Anecdotal Side of George Washington," recounting some of the best but least-known stories of the "Father of his country." Viola Allen draws upon her own rich store of experience to tell "What it Means to be an Actress," and Joseph Edgar Chamberlain introduces "Helen Keller as She Really Is," giving some interesting glimpses of this marvelous blind and deaf girl.

On the editorial page Edward Bok treats of the pretty American girls, and discourses on the most beloved women of the century. The May Journal has apparently anticipated every need that can arise in the home. By The Curtis Publishing Company, Philadelphia. One dollar per year, ten cents per copy.

Dyspepsia

Nervous Dyspepsia Caused me Great Distress for a Number of Years. Cured by

Dr. Miles' Nervine.

An active mind, suffering from overexertion, worry, trouble or the cares of business, demands from the body a greater amount of fuel for the vital fires than the digestive organism can supply. It requires a certain amount of vital force to operate the human machine, and when all the available supply of force is absorbed by the overworked brain there is nothing left for the stomach. It is easy now to understand why irritability and dyspepsia have become almost synonymous; why a nervous person is usually so very particular and capricious about food. It is an almost undisputed fact that no marked progress can be made toward the ultimate cure of any disease until the mind is put into that calm, serene condition which is natural to people in full bodily health and vigor. Dr. Miles' Nervine puts the mind in just that condition. It is a brain and nerve food and tonic whose important elements, acting upon the body and mind with equal force, possesses remarkable efficiency in nervous disorders.

"My trouble was nervous dyspepsia, and for a number of years I was all out of 'whack.' I was nervous and uneasy all the time, and was about as miserable as a man could be. Work became a dread to me. My stomach was in bad shape; it pained me severely and I was unable to retain food. Dr. Miles' Restorative Nervine was recommended me by one of our merchants who was cured by its use, and after taking a few bottles I was a different man. I gained four pounds the first ten days. I sleep like a top; I have a good appetite; my stomach is in good shape and nothing distresses me." W. W. Cox, Marshall, Minn.

"For a long time I was a great sufferer from indigestion and extreme nervousness, brought on by the excessive use of tobacco. I was irritable and restless, and nothing that I ate seemed to agree with me. When I would retire at night I would roll and toss and it would be hours before I could get any sleep. In the morning when I awoke I felt more tired and worn out than when I retired. Nothing that I took seemed to help until I started with Dr. Miles' Nervine. I used several bottles of it, and obtained relief from the very start. I use it occasionally now when I am tired and always with good results."

SAM MCKELVY, Denton, Texas.

"I can heartily recommend Dr. Miles' Nervine, for it cured me of a serious nervous trouble. After doctoring with physicians for several months and getting no help, through the kindness of a friend I began using Dr. Miles' Restorative Nervine with wonderful results. My stomach was so weak I could not eat any solid food but soon after taking the Nervine I began to gain in flesh. At the end of six months I could eat any thing and was well and strong."

MRS. E. H. PROCTOR, Tilton, N. H.

MARRIED.

Rev. Paul Bourquin and Miss Olga Binder were married last evening at St. Paul's Protestant church in the presence of a large circle of friends and relatives. The ceremony was performed by Rev. F. Daries. The bridesmaids were Miss Alice Corder, Miss Ella Acker and Miss Anna Massman. Mrs. Laura Horst was maid-of-honor. The groomsmen were Martin Mueller, of Columbus, Will Bourquin, of St. Louis, and Ed. Bourquin, of Vincennes. The flower girls were Miss Marie Laupus and Miss Marguerite Haufe. Previous to the ceremony brief addresses were made by Rev. E. Bourquin, father of the groom, and Rev. L. Schmidt, of Barnesburg, Ohio. After the ceremony a delightful reception was held at the home of the bride's parents, about 75 guests being present. Both the church and the house were beautifully decorated, the prevailing colors being blue and white. The bride is one of Seymour's best known and most popular young ladies and the groom is a popular minister and is in charge of the church at Parcell, Ind., where they will make their home.

Last evening at the residence of Mr. and Mrs. H. W. Godfrey on South Chestnut street, Mr. Baker S. Ruddick and Miss Ella Hollowell, both of Columbus, were united in marriage in the presence of a few immediate relatives. The ceremony was performed by Rev. F. C. Hood, pastor of the Columbus Presbyterian church, of which church Mr. Ruddick is a member. Both the bride and groom are prominent in society circles at Columbus and belong to prominent and wealthy families. The bride is a sister of Mrs. H. W. Godfrey and has many friends in Seymour. They left this morning for Duluth and Winnipeg on a wedding trip.

Samuel Covington and Miss Lizzie Crane of North Vernon, were united in marriage at 8 o'clock Wednesday evening. They are both well known in Seymour. The bride is a sister of George Crane here.

Small-pox and Vaccination.

Small pox is one of the most virulent of contagious diseases. Persons exposed, if unprotected by vaccination, are almost invariably attacked by the disease. It is particularly fatal to young children. The disease may smoulder in localities for an indefinite time, and when conditions become favorable develops into an epidemic. Since small pox is now prevalent in several localities in southern Indiana, there is danger that it will smoulder during the summer and become epidemic next winter. Protect yourselves and your families by thorough vaccination now. There could not be a more opportune time. Our schools will soon close and you can properly care for your children. Revaccination should be performed between the 10th and 15th of May and whenever small pox is prevalent. All vaccinations should be made with nonhumanized virus; that is, bovine virus. If aseptic precautions are taken, with which physicians are familiar, no serious result is likely to occur from vaccination. L. B. HILL, M. D., Sec. Board of Health.

10 YEARS THE STANDARD

Death of John F. Isensee.

The Rev. John F. Isensee, who entered the ministry of the Evangelical Lutheran church more than fifty years ago, died yesterday afternoon at his home at Indianapolis at the age of eighty-four years. He was born in Germany and came to this country fifty-four years ago. Shortly after his arrival he entered the ministry and for thirty years was one of the well-known ministers of the evangelical denomination. On account of failing health he retired about twenty years ago and since that time has lived quietly in Indianapolis. A widow and eight children survive him. He had many friends in Seymour and was years ago pastor of church at Sauer's. He was the father of Mrs. F. Daries.
